

Mikayla Botha

IT SPECIALIST

OBJECTIVE

To obtain a solid foothold within the programming industry through the crafting efficient and innovative software solutions, and demonstrate a high level of problem solving skills within a dynamic team.

EXPERIENCE

US MILITARY

IT Specialist – 25 Bravo

December 2020 – March 2023

Worked with a team of IT professionals to problem solve on complex issues, reducing communication system downtime within my unit and maintaining the operating systems of critical equipment. Received commendations for maintaining critical cyber security protocols to keep a secure network.

GOOGLE CSSI, UNIVERSITY OF TEXAS AT DALLAS

July 2018 – August 2018

Gained hands on experience with industry relevant Technology tools within a highly competitive environment. Received education to increase proficiency with tools such as HTML, CSS, and JavaScript. Demonstrated problem solving skills on real-world problems, requiring a robust web solution deployment within a team.

Languages of Proficiency

C++ - 5/10

Java – 7/10

HTML – 5/10
